

Field Service Engineer - Laundry Equipment
South Coast
£25,000+ (Negotiable depending on experience)

PDS are looking for a field service engineer to undertake repair/annual inspections of laundry machines, and servicing of related gas equipment at customer premises. The ideal candidate will have experience in installation/repair mechanical and gas commercial laundry equipment. However other candidates may be considered with qualifications set out later.

Duties

- Duties include, maintenance, installation, and repair of commercial washing machines and dryers.
- Respond to site issues, equipment failures, maintenance and service needs in accordance with company standards and health and safety requirements.
- Liaise with representatives to ensure installations and programs satisfy requirements as well as training users.

Desirable Experience

- Ability to understand wiring diagrams and schematics, also understanding 1ph and 3ph electrics.
- Ideally 18th Edition qualified.
- Ideally GAS SAFE registered.
- Mostly electrical and mechanical experience with some plumbing experience in these areas would be desirable.
- Ideally GCSEs in Maths and English plus good IT knowledge and communication skills. Training and Mentoring provided.
- Clean or near clean driving licence as company vehicle provided
- Ideally will have previous maintenance experience with industry recognised brands such as IPSO, Primus, Electrolux, ADC, Girbau, Grandimpianti, Miele, Lavamac, Maytag.

Specific Requirements

- Candidates must be physically fit.
- Have good communication skills.
- Computer literate.
- Customer focused.
- Have good engineering skills.
- An advantage to have a gas qualification or equivalent to current standards.
- Good understanding of 1ph and 3ph electrics with the ability to read diagrams and use test equipment.
- Need to work unsupervised using own initiative.

Hours & Salary

These are based on a working 40 hour per week between 8am and 6pm (but may be asked to work outside these hours) and be part of a week-end rota, overtime available.

Other

- Uniform and safety equipment supplied.
- Van, fuel and expenses card provided.
- Mobile phone and computerised device provided.
